REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "This bill should have been audited and reimbursed per the Stop-Loss reimbursement factor and methodology per the criteria as defined in TDI-DWC rule 134.401(c) (6) (A)"

Amount in Dispute: \$15,098.46

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The Requestor asserts it is entitled to reimbursement in the amount of \$39,169.99, which is 75% of the total charges. Requestor has not shown entitlement to this alternative, exceptional method of calculating reimbursement and has not otherwise properly calculated the audited charges. . . . There is no evidence submitted by the hospital demonstrating that the services provided by the hospital were unusually extensive. . . . Secondly, there is no evidence that the services provided by the hospital were unusually costly to the hospital. . . . Using the per diem method, this five day surgical admission qualifies for \$5,590.00 in reimbursement."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401 sets out the fee guideline for acute care inpatient hospital services.
3. 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of services not identified in an established fee guideline.

4. Texas Labor Code §413.011 sets forth general provisions related to reimbursement policies and guidelines.
5. U.S. Bankruptcy Judge Michael Lynn issued a “STIPULATION AND ORDER GRANTING RELIEF FROM AUTOMATIC STAY TO PERMIT CONTINUANCE AND ADJUDICATION OF DISPUTED WORKERS COMPENSATION CLAIMS BEFORE THE TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS,” dated August 27, 2010, in the case of *In re: Renaissance Hospital – Grand Prairie, Inc. d/b/a/ Renaissance Hospital – Grand Prairie, et al.*, in the United States Bankruptcy Court for the Northern District of Texas, Fort Worth Division in Case No. 08-43775-7. The order lifted the automatic stay to allow continuance of the claim adjudication process as to the workers’ compensation receivables before SOAH, effective October 1, 2010. The order specified John Dee Spicer as the Chapter 7 trustee of the debtor’s estate. By letter dated October 5, 2010, Mr. Spicer provided express written authorization for Cass Burton of the law office of Burton & Hyde, PLLC, PO Box 684749, Austin, Texas 78768-4749, to be the point of contact on Mr. Spicer’s behalf relating to matters between and among the debtors and the Division concerning medical fee disputes. The Division will utilize this address in all communications with the requestor regarding this medical fee dispute.
6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - W1 – WORKERS COMPENSATION STATE FEE SCHEDULE ADJUSTMENT
 - W1 – THIS LINE WAS INCLUDED IN THE RECONSIDERATION OF A PREVIOUSLY REVIEWED BILL

Findings

1. This dispute relates to inpatient hospital services with reimbursement subject to the provisions of former 28 Texas Administrative Code §134.401(c)(5), which requires that “When the following ICD-9 diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate: (A) Trauma (ICD-9 codes 800.0-959.50); (B) Burns (ICD-9 codes 940-949.9); and (C) Human Immunodeficiency Virus (HIV) (ICD-9 codes 042-044.9).” Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 813.54. The Division therefore determines that this inpatient admission shall be reimbursed at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).
2. Former 28 Texas Administrative Code §134.1(c), effective May 16, 2002, 27 *Texas Register* 4047 requires that “Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers’ Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission.”
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. 28 Texas Administrative Code §133.307(c)(2)(G), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable.” Review of the submitted documentation finds that:
 - The requestor’s position statement asserts that “This bill should have been audited and reimbursed per the Stop-Loss reimbursement factor and methodology per the criteria as defined in TDI-DWC rule 134.401(c) (6) (A).”
 - The Division’s former *Acute Care Inpatient Hospital Fee Guideline* at 28 Texas Administrative Code §134.401 is not applicable to the services in dispute. Per §134.401(c)(5)(A), when ICD-9 codes 800.0-959.50 are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate. Therefore, the applicable rule for reimbursement is found under §134.1(d).
 - The requestor asks for reimbursement under the stop-loss provision found in former 28 Texas Administrative Code §134.401(c)(6). However, §134.401(c)(6) states that “The diagnosis codes specified in paragraph (5) of this subsection are exempt from the stop-loss methodology and the entire admission shall be reimbursed at a fair and reasonable rate.” As stated above, the Division has found that the primary diagnosis is a diagnosis code specified in §134.401(c)(5); therefore, the disputed services are exempt from the stop-loss methodology and the entire admission shall be reimbursed at a fair and reasonable rate pursuant to §134.1.
 - The Division has previously found that a reimbursement methodology based upon payment of a percentage of a hospital’s billed charges does not produce an acceptable payment amount. This methodology was

considered and rejected by the Division in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, which states at 22 *Texas Register* 6276 that:

"A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources."

Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital's billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.

- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor has not supported that payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amounts sought by the requestor. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is not entitled to additional reimbursement for the services involved in this dispute.
